

# Divorce Group

for children ages 12-14 years old  
beginning in April:

If your child is in need of ...

- a place to tell his/her family story
- practice expressing emotions and appropriately develop coping skills
- a group where he/she can honestly explore typical feelings around divorce:  
~Anger, Anxiety, & Mild Depression~

... then this is the place for him/her!

Children of Divorce have special concerns. Sharing their experiences in a facilitated, group setting can be powerful and productive. Participants express their fears and wishes, learning that they are not alone in dealing with their family circumstances.

**The next Divorce Group will begin in April.**

**The cost is \$240 for 8 weeks. (Limited to 6 children.)**
